**7<sup>th</sup> Academic Council Meeting - on 20.01.2023**

*Agenda of the 7<sup>th</sup> Academic Council Meeting*

The following points are lined up for discussion.

1. Consideration and Approval of the Program, Naalaiya Tiran, offered by Anna University in Association with the Department of Information and Technology, Government of Tamil Nadu. It is applicable to the Departments of CSE, IT & ECE.
2. Consideration and Approval of courses offered by Anna University in Association with the Government of Tamil Nadu, under the program called Naan Mudhalvan, to be included in the current curriculum (R2019) for all the branches of study as to be formulated by the Govt of Tamil Nadu.
3. Consideration and Approval of Internal and External mark allocation from the academic year 2021-2022 onwards. (60 marks Internal & 40 marks external for Laboratory courses & 40 marks Internal & 60 marks external for Theory courses)
4. Consideration and Approval of Relative grading for the theory courses for the students admitted from 2021 onwards & Absolute grading for Practical courses.
5. Consideration and Approval for the revised Regulation 2023 of B.E-Biomedical Engineering, B.Tech-Artificial Intelligence and Data Science, B.E- Computer Science and Engineering, B.Tech-Computer Science and Business Systems, B.E-Electronics and Communication Engineering, B.E-Electrical and Electronics Engineering, B.E-Mechanical Engineering and B.Tech-Information Technology from the academic year 2023-2024 onwards.
6. Consideration and Approval of revised Curriculum and Syllabi for I Semester and II Semester of B.E-Biomedical Engineering, B.Tech-Artificial Intelligence and Data Science, B.E- Computer Science and Engineering, B.Tech-Computer Science and Business Systems, B.E-Electronics and Communication Engineering, B.E-Electrical

and Electronics Engineering, B.E-Mechanical Engineering and B.Tech-Information Technology from the academic year 2023-2024 onwards.

7. Consideration and Approval for the Regulation 2023 of Post-Graduate course M.E VLSI Design and M.E-Embedded System Technologies from the academic year 2023-2024 onwards.
8. Consideration and Approval of Curriculum and Syllabus for I Semester and II Semester of Post-Graduate course M.E VLSI Design and M.E-Embedded System Technologies from the academic year 2023-2024 onwards.
9. Consideration and Approval for Amendment to the admitted students 2021 for B.E. / B. Tech. degree Programme - Anna University – award of UG

*B.E Honours in the same discipline*

*B.E Honours with Different verticals*

*B.E Minor in other specialization*

**Agenda**

The following points are lined up for discussion:

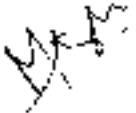

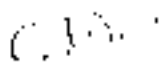

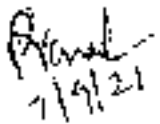

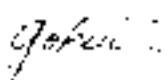

1. Review about previous BoS Meeting
2. Consideration and Approval of detailed syllabi of following Courses for B.Tech. Artificial Intelligence and Data Science (V Semester) viz.,
  - i. Graph Theory and Applications
  - ii. Internet Programming
  - iii. Design and Analysis of Algorithm
  - iv. Professional Elective- I
  - v. Professional Elective - II
  - vi. Open Elective- I
  - vii. Design and Analysis of Algorithms Lab
  - viii. Internet Programming Laboratory
  - ix. Professional Communication
  - x. Technical Seminar
3. 2. Consideration and Approval of detailed syllabi of following Courses for D.Tech. Artificial Intelligence and Data Science (VI Semester) viz.,
  - i. Computer Graphics
  - ii. Machine Learning Techniques
  - iii. Big Data Analytics
  - iv. Professional elective- III
  - v. Open Elective- II
  - vi. Computer Graphics Lab
  - vii. Data Analytics Lab
  - viii. Mini Project
  - ix. Internship / Training - II
4. Consideration and Approval of detailed syllabi of following Courses for B.Tech. Artificial Intelligence and Data Science (VII Semester) viz.,
  - i. Artificial Neural Networks and Deep Learning
  - ii. Blockchain Technology
  - iii. Cloud Computing
  - iv. Open Elective – III

  - vii. Artificial Neural Networks and Deep Learning Lab

## 6<sup>th</sup> BOARD OF STUDIES MINUTES OF MEETING

### DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

- In 5<sup>th</sup> semester, the credit of Graph theory and Applications course is suggested to be 4 as it has two Lecture hours and two tutorial hours. This change of credit may be incorporated based on the approval of the Academic Council.
- Professional Communication course in 5<sup>th</sup> semester can be taken to the 6<sup>th</sup> semester.
- In the 6<sup>th</sup> Semester, for Computer Graphics Lab, it was suggested to add Multimedia contents and the course to be renamed as "Computer Graphics and Multimedia Laboratory".
- The Block chain Technology course placed in 7<sup>th</sup> semester can be taken to the 8<sup>th</sup> semester.

8<sup>th</sup> BOARD OF STUDIES MINUTES OF MEETING**DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE, COMPUTER SCIENCE AND BUSINESS SYSTEMS****Agenda:**

- Inclusion of "Naalaya Thiran" course in VI/VII Semester
- Consideration and Approval of Curriculum and Syllabus for R-2023

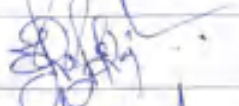

U.G B.Tech AI and DS, U.G B.Tech CS and BS

**Minutes**

- Presented to the Board of Studies (BoS) members about the Framing of 2023 curriculum and syllabi of and B.Tech - Artificial Intelligence and Data Science and Computer Science and Business Systems. Their suggestion regarding the introduction subjects in various semester has been incorporated.
- Naalaya Thiran programme was recently introduced in the 7<sup>th</sup> semester of 2019-2023 batch but most of the companies' recruitments happened in 7<sup>th</sup> semester and difficult to concentrate on Naalaya Thiran program.
- As a suggestion the same may be introduced in 6<sup>th</sup> semester, it was presented to the BoS members. They have accepted to introduce Naalaya Thiran program in 6<sup>th</sup> semester.

The First Board of Studies Meeting of the Department of Biomedical Engineering was held on Saturday, 06 July, 2019 at the Principal's office at 10:30 a.m.

At the onset, the chairman welcomed the members to the first board of study for the first regulation for the academic year 2019-20 and placed the agenda for deliberations to the members. The following deliberations were made as per the circulated agenda:

**Item: 1**

- To deliberate and approve the Rules and Regulations 2019 for B.E/B.Tech Degree Programmes to be followed from the Academic year, 2019-2020.

**Resolve to** approve the presented Rules and Regulations 2019 for B.E/B.Tech Degree Programmes to be followed from the Academic year, 2019-2020.

**Item: 2**

- To deliberate and approve the edifice of the Curriculum of the UG course B.E - Biomedical Engineering for the Academic year 2019-2020.

**Resolve to** approve the presented curriculum of the UG course B.E Biomedical Engineering for the academic year 2019-2020.

**Item: 3**

- To deliberate and approve the Syllabi of the First and Second semesters of the UG course B.Tech Biomedical Engineering for the Academic year 2019-2020.
- The following points were discussed regarding syllabus revision.
  1. The geometrical applications of differential calculus and matrices included in Engineering mathematics-I.
  2. Included principles of lasers, optical fiber systems in Engineering physics –I
  3. Chemical bonding and idea about polymers was included in Engineering chemistry.
  4. Vocabulary building was included in English

5. Basic civil and mechanical Engineering, Basic Electrical and Electronics Engineering, Introduction to Biomedical Engineering courses were added in the curriculum.
6. Crystal growth experiments were included in physics lab.
7. Determination of alkalinity, pseudo first order kinetics ester hydrolysis experiments were included in chemistry lab.
8. Multiple integrals, included in Engineering mathematics-II
9. Physics for electronics Engineering was changed as Material science for Electronics Engineering and topics such as materials, implant materials included in material science syllabus.
10. Environmental Science and Engineering course was included in Semester II.
11. Electron devices and circuits, Introduction to Biomedical Engineering be given in Semester 2 itself.
12. Introduction to Organisms was included in Fundamentals of Biochemistry.
13. Soldering practice – Components Devices and Circuits – Using general purpose PCB was included in Engineering practices lab.
14. Circuits and devices lab course was included in Semester 2 itself.
15. Separation of proteins experiments was excluded in Biochemistry lab.

**Item: 4**

- To deliberate and approve the list of Board of Examiners (Valuation) and question paper setters for the UG course B.E Biomedical Engineering for the Academic year 2019-2020.

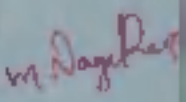

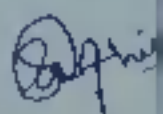

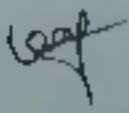

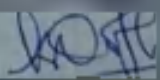

**Action**

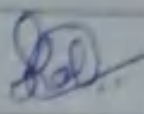

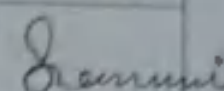

- Resolve to approve the list of Board of Examiners (Valuation) and question paper setters.

The second board of studies meeting of the department of biomedical engineering was held on Saturday, 21 December, 2019 at the principal's office at 10:30 a.m.

At the onset, the chairman welcomed the members to the second board of study for the placed the agenda for considerations to the members. The following considerations were made as per the circulated agenda:

**Item: 1**

- To consider and approve the Syllabus of the Third and Fourth semesters of the UG course, B.E-Biomedical Engineering.

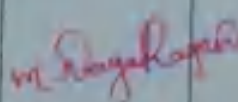

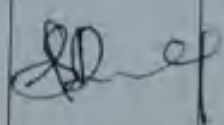

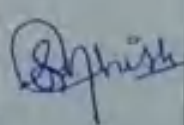

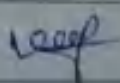

**Resolve** to approve the presented Syllabus of the Third and Fourth semesters of the UG course, B.E-Biomedical Engineering.

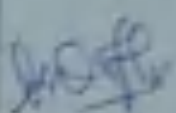

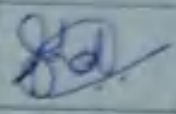

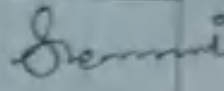

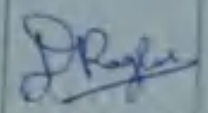

- The new courses such as Biosignal processing theory and lab, Bioethics and IPR were added in fourth semester.
- The following points were discussed regarding syllabus revision.
  1. Movements in GI tract were included in Anatomy and Human Physiology.
  2. Digital logic design, Biosensors and instrumentation course were included in semester 3.
  3. Sampling and aliasing topic was included in Signals and systems.
  4. Numerical methods concepts were included in Linear Algebra.
  5. Random process concepts were included instead of statistics in Probability paper in semester 4.
  6. Biomedical Instrumentation, Reading and writing skills laboratory courses were added in semester 4.
  7. Spine biomechanics was included in Biomechanics and also it can be included in Semester 4.
  8. Pathophysiology and its techniques were included in pathology and microbiology.

- Amendments on the regulation 2019 for those who admitted in the year 2021 batch onwards were discussed.
- A) Relative grading for the theory courses and absolute grading for the practical courses were to be implemented.
- B) Internal and external marks for the theory courses was 40 and 60 marks respectively is to be followed and Internal and external marks for the practical courses was 60 and 40 marks respectively is to be followed.
- C) For R2019 regulations Naalaiya Thiran/Naan Mudhalvan is to be included in the 6th semester instead of Programme elective
- Curriculum for the new regulation 2023 from semester I to VIII was discussed.
- A) In semester I, Programming in C and its laboratory, Heritage in Tamil Basic Engineering sciences courses were included in the curriculum. English and maths courses name were changed as Technical English and Matrices and calculus respectively.
- B) Problem solving and python Programming and its laboratory, Tamils and technologies courses were included in the curriculum. Course name change was implemented for the following subjects,  
Technical English-II, Statistics and Numerical methods, Applied physics for semiconductor devices.

### POINTS DISCUSSED:

The following points were discussed

- Curriculum and syllabi for the new Regulation 2023 from Semester I to III.
- List of subjects included in minor degree offered to other departments.
- Honors with specialization- Curriculum and syllabi of vertical 7, offered in Semesters 5 and 6.
- Syllabi for the fifth semester Professional elective (Wearable Device)

The following items are requested for approval

- As Per the suggestions by BoS members of Science and Humanities, the Second Semester Maths paper was splitted into two for circuit branches and non-circuit branches. For the Department of Biomedical Engineering, **Differential equations and complex variables** were finalized.
- As per the Government amendments, the students those who admitted in 2022 should study the Tamil courses as given by the R2023, Anna university, In this regard, the first semester Tamil paper (Heritage in Tamil) was included in second semester and the Second semester Tamil paper (Tamil and Technology) was included in Third semester.
- As per the Principal's Suggestions, an amendment regarding R2023 curriculum was implemented. In this regard, core papers were excluded in seventh semester. Instead, Medical Image processing (core), both theory and lab was included in sixth semester and Excluded Nalaya Thiran from sixth semester, Human Value Ethics from seventh semester.

The following suggestions were given by the BoS members

SUGGESTIONS	ACTION TAKEN
The syllabus for Introduction to Biomedical Engineering needs to be redefined.	The content of unit 2 and unit 5 was redefined.
The Contents for Linear integrated circuits seems to be very extensive. It can be divided into two subjects for the benefit of the students.	As the content was extensive, the two theory courses, Linear Integrated Circuits and Digital Logic Design, were combined into one theory course called <b>Analog and Digital Integrated Circuits</b> . To maintain the structure of the curriculum, another new core course was included in third semester called <b>Medical Physics</b> .
Credit distribution for signals and systems should be reviewed.	Verified and finalized as 4 credits.
First unit contents in Anatomy and human physiology should be redefined.	Implemented
Include the biosensors related contents in Biosensors and instrumentation.	Implemented
Redefine the contents and syllabus flow of Drug delivery systems.	Implemented
Include particles, Quantum dots and some basic topics related to nanomaterials in Nanotechnology and its applications.	Implemented
Maintain a fixed number of text books and reference books for all the courses.	Implemented

\*Enclosure: 1. Revised syllabus of R2023 (Semester 2, Semester 3, Verticals)

## 4<sup>th</sup> BOARD OF STUDIES MINUTES OF MEETING

### **DEPARTMENT OF COMPUTER SCIENCE AND BUSINESS SYSTEMS**

1. The First BoS Meeting for CSBS started by 3:50PM
2. Meeting agenda was stated to the external experts
3. BoS members were listed to them
4. 1st Semester and 2nd Semester subjects were listed to them
5. After scrutinizing, the experts asked us to have Files concept in the first semester C Programming theory and file access programs in the C Laboratory subject
6. They suggested giving generic application program questions and not to have so specific questions for the laboratory courses
7. In the second semester, they asked us to change the subject title from Problem Solving and Python Programming to Object Oriented Programming. They suggested us to include concepts from C++ in the first two units and to restrict Python to the remaining units
8. They asked to rename the subject name from Data Structures and Algorithms to Data Structures
9. They asked to rename the Python Programming Laboratory to Object Oriented Programming Laboratory. Similarly, Data Structures and Algorithms laboratory to Data Structures Laboratory
10. They asked us to remove the first two units and to expand the remaining three units to five units of Data Structure contents for Data Structures theory paper
11. They were satisfied with the theory subject Fundamentals of Design Thinking.
12. Experts asked us to consult with the First year coordinator and to minimize the number of subjects. They asked to follow the 6 theory + 2 laboratory model
13. First year Computer related subjects for the course Robotics and Automation Engineering were listed to the experts
  - 13 a. They were satisfied with Programming in C and C laboratory for the 1st semester of R & AE Programme
  - 13 b. They were satisfied with the subjects Problem Solving and Python Programming theory and Python Programming Laboratory for the 2nd semester of R & AE Programme
14. The First BoS meeting for CSBS concluded at 4:47PM

8<sup>th</sup> BOARD OF STUDIES MINUTES OF MEETING**DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE, COMPUTER SCIENCE AND BUSINESS SYSTEMS****Agenda:**

- Inclusion of "Naalaya Thiran" course in VI/VII Semester
- Consideration and Approval of Curriculum and Syllabus for R-2023

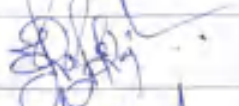

U.G B.Tech AI and DS, U.G B.Tech CS and BS

**Minutes**

- Presented to the Board of Studies (BoS) members about the Framing of 2023 curriculum and syllabi of and B.Tech - Artificial Intelligence and Data Science and Computer Science and Business Systems. Their suggestion regarding the introduction subjects in various semester has been incorporated.
- Naalaya Thiran programme was recently introduced in the 7<sup>th</sup> semester of 2019-2023 batch but most of the companies' recruitments happened in 7<sup>th</sup> semester and difficult to concentrate on Naalaya Thiran program.
- As a suggestion the same may be introduced in 6<sup>th</sup> semester, it was presented to the BoS members. They have accepted to introduce Naalaya Thiran program in 6<sup>th</sup> semester.

2. Consideration and Approval of detailed syllabi of following Courses for B.Tech. Artificial Intelligence and Data Science (V Semester) viz.,
  - i. Graph Theory and Applications
  - ii. Internet Programming
  - iii. Design and Analysis of Algorithm
  - iv. Professional Elective- I
  - v. Professional Elective - II
  - vi. Open Elective- I
  - vii. Design and Analysis of Algorithms Lab
  - viii. Internet Programming Laboratory
  - ix. Professional Communication
  - x. Technical Seminar
3. 2. Consideration and Approval of detailed syllabi of following Courses for D.Tech. Artificial Intelligence and Data Science (VI Semester) viz.,
  - i. Computer Graphics
  - ii. Machine Learning Techniques
  - iii. Big Data Analytics
  - iv. Professional elective- III
  - v. Open Elective- II
  - vi. Computer Graphics Lab
  - vii. Data Analytics Lab
  - viii. Mini Project
  - ix. Internship / Training - II
4. Consideration and Approval of detailed syllabi of following Courses for B.Tech. Artificial Intelligence and Data Science (VII Semester) viz.,
  - i. Artificial Neural Networks and Deep Learning
  - ii. Blockchain Technology
  - iii. Cloud Computing
  - iv. Open Elective - III
  - v. Professional Elective - IV
  - vi. Professional Elective - V

2021-2022

**8<sup>th</sup> BOARD OF STUDIES AGENDA****DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING****Agenda: Framing of 2023 curriculum****Course: B.E (Computer Science and Engineering)**

- Brief about the department's profile, progress, and the meeting agenda of the programme.
- Discussion about the views of various stakeholders associated with the Department, (viz., Staff members, Alumni, Academicians from other institutions, Industry Experts) and about the Framing of 2023 curriculum and syllabi of Computer Science and Engineering department.
- To be Present the Board of Studies (BoS) members about the Framing of 2023 curriculum and syllabi of Computer Science and Engineering department. Their suggestion regarding the introduction subjects in various semester has been incorporated.
- To be present about Naalaya Thiran programme was recently introduced in the 7<sup>th</sup> semester of 2019-2023 batch but most of the companies' recruitments happened in 7<sup>th</sup> semester and difficult to concentrate on Naalaya Thiran program. As a suggestion the same may be introduced in 6<sup>th</sup> semester.

To  
The Principals  
Autonomous Institutions affiliated to Anna University

Respected Sir/Madam,

Sub. Approval from Board of Studies for EEC Elective "Professional Readiness for Innovation, Employability and Entrepreneurship" - Reg.

Anna University in association with Department of Information Technology, Govt. of Tamil Nadu, is launching a program called Naalalya Tiran - an "Experiential Project Based Learning Initiative" to empower the students with enhanced professional and technical skills.

This is a joint initiative of Anna University, ICT Academy of Tamil Nadu, NASSCOM and IBM, and is supported by the Tamil Nadu Skill Development Corporation under the Naam Mudalvan scheme of the Govt. of Tamil Nadu.

As part of this program, Anna University is offering an EEC category MANDATORY ELECTIVE course entitled, "PROFESSIONAL READINESS FOR INNOVATION, EMPLOYABILITY AND ENTREPRENEURSHIP" with 3 credits (as an extended 4-5 months Hackathon) to all the 6<sup>th</sup> semester students (of B.E. CSE, B.Tech. IT, and B.E. ECE). They will earn the credits in the 7<sup>th</sup> semester on completion of this course. This course has been approved by the Board of Studies, Faculty of Information and Communication Engineering, Anna University.

In order to facilitate the present sixth/seventh semester B.E./B.Tech. CSE/IT/ECE students in your institutions to study this course, you are requested to get the necessary approval / ratification from the appropriate Boards of Studies, and offer this elective mandatorily in place of a 3-credit Professional Elective in the 7<sup>th</sup> semester. The syllabus and evaluation pattern for the course as approved in the Board of Studies of Anna University (Non-Autonomous institutions) are enclosed for your perusal.

We also request you to use the following link for the registration of faculty in various roles:  
<https://careereducation.smartinternz.com/>

Requesting your kind cooperation in this regard.

Yours faithfully,

## ANNEXURE - I

### Action taken for Minutes of 6<sup>th</sup> BoS Meeting

As per BoS Committee suggestion,

**Resolution:** In order to enhance Entrepreneurship skills to students we have already included Foundational Course on Entrepreneurship (Open Elective III), Advanced Course in Entrepreneurship (Open Elective IV) in our curriculum as open electives.

Final year projects has been converted into publication in terms of Conferences / journals/patent

**Resolution:** Reducing the credit to 60-65s to be considered from next revised regulation for P.G. as per AICTE model curriculum has given 68 Credits will be reduced to 70 credits.

Included in Transducer and sensor for application oriented subjects.

**Resolution:** clarified that equally split into open elective and given weightage to all department open elective courses.

**Resolution:**

As Exams is going on now for students, it is agreed to arrange the GRE training in the starting of the following semester.

Included Sensors and transducer, Telecommunication and network management, Data convertors were updated in the professional electives.

Frequently organizing higher studies events and Entrepreneur programs.

**Resolution:** suggestion that 8<sup>th</sup> semester should be project work in revised curriculum.

The points Discussed in the Board of Studies meeting has been taken into the consideration will incorporate in New Regulation.

Accredited by NAAC with 'A' grade with

VISION

- To emerge as a centre of academic excellence in electronics and communication engineering.

MISSION

- To impart quality education by providing fundamental knowledge, improving skills and professional competence.
- To integrate theory learning.
- To impart the right provision of knowledge, attitude and skills to the students.

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

- Graduates will possess strong foundation in technical knowledge and skills in the field of electronics and communication engineering.
- Graduates will have strong ability to meet the challenges in the field of electronics and communication engineering.

## ANNEXURE - I

### Action taken for Minutes of 7<sup>th</sup> BoS Meeting

As per BoS Committee suggestion,

**Resolution:** In order to explore the industry training we have introduce internship in 4<sup>th</sup> and 7<sup>th</sup> Semester as a mandatory course to all the students.

Skill based training to improve the student's technical knowledge and communication we have introduce mini project and project work. For interpersonal skills and listening and speaking course introduce to assist placement.

Research Methodology and Intellectual Property Rights the laboratory course introduce semester II

**Resolution:** As per amendment from Anna University has been introduce additional award of B.E in Honors/Specialization/Minor in the UG degree for that we have consider specialization in our core discipline and Minor in other department and management.

The students can elect professional elective from core discipline open elective course from other department and management paper also suggested two course from online NPTEL

**Resolution:** As per suggestion and amendment from Anna University eight verticals has been introduced in the specialization in our discipline in that majority courses are theory cum laboratory. In seventh semester we have introduce management course which four elective choice courses. Engineering Practice Laboratory course has been introduce in semester one with two credits.

**Resolution:**

The suggestion and valuable points taken into the consideration and framing syllabus will be included ARM processor in six semester embedded core course. The standard programming in C theory course and laboratory will be introduced in semester I.

We also introduced minor degree in Artificial Intelligence and other computing courses as minor vertical as well as open elective.

15.12.2022

The Seventh meeting of the Board of Studies **VEL TECH MULTI TECH Dr.RANGARAJAN Dr.SAKUNTHALA ENGINEERING COLLEGE** (An Autonomous Institution, Affiliated to Anna University) held on 15.12.2022 through online, started with the welcome address by the Chairman of the BoS, welcoming the members and Special invitees of BoS. Chairman outlined the various agenda items to be presented.

01. Consideration and Approval of the inclusion of Program Elective-III, Open elective-III and Open elective-IV in the curriculum of Seventh semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2021-2022 onwards.

**RESOLVED TO**

Approve the inclusion of Program Elective-III, Open elective-III and Open elective-IV in the curriculum of Seventh semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2021-2022 onwards.

Resolution by: Dr.R.Gnanadass, Dr.M.Karthikeyan, Mr.Aswin Pio Rayen

02. Consideration and Approval of the inclusion of Program Elective-IV, Program Elective-V, in the curriculum of Eighth semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2022-2023 onwards

**RESOLVED TO**

Approve the inclusion of Program Elective-IV, Program Elective-V, in the curriculum of Eighth semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2022-2023 onwards

Resolution by: Dr.B.ChittiBabu, Mr.S.Manikandan, Mr.Sivaraajan

03. Consideration and Approval of detailed Syllabi of Professional Ethics in Engineering, High Voltage Engineering, Protection and Switchgear, Renewable Energy Systems Laboratory, Project Phase I Laboratory for VII<sup>th</sup> Semester B.E. Electrical and Electronics Engineering.

**RESOLVED TO**

Approve the syllabus of Professional Ethics in Engineering, High Voltage Engineering, Protection and Switchgear, Renewable Energy Systems Laboratory, Project Phase I Laboratory for VII<sup>th</sup> Semester B.E. Electrical and Electronics Engineering.

Resolution by: Dr.G.Saravanallango, Mr.K.Sakthidhasan, Dr.Karthikeyan

04. Consideration and Approval of Syllabus for the list of Program Elective-III, Open elective-III, and Open elective IV in the curriculum of Seventh semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2021-2022 onwards.

**RESOLVED TO**

Approve the syllabus for the list of Program Elective-III, Open elective-III, and Open elective IV in the curriculum of Seventh semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2021-2022 onwards.

Resolution by: Dr.B.Chittibabu, Mr.N.AnanthaSaravanan, Mr.Sivarajan

05. Consideration and Approval of Syllabus for the list of Program Elective-IV, Program Elective-V, in the curriculum of Eighth semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2022-2023 onwards.

**RESOLVED TO**

Approve the syllabus for the list of Program Elective-IV, Program Elective-V, in the curriculum of Eighth semester B.E. Electrical and Electronics Engineering Programmes from the academic year 2022-2023 onwards.

Resolution by: Dr.R.Gnanadass, Dr.M.Karthikeyan, Mr.Jenin Prabhu

06. Consideration and Approval of the syllabi of Third and Fourth Semester M.E. Embedded Systems Technologies Programmes from the academic year 2022-2023 onwards.

**RESOLVED TO**

07. Approve the syllabus of Third and Fourth Semester M.E. Embedded Systems Technologies Programmes from the academic year 2022-2023 onwards.

Resolution by: Dr.B.Chittibabu, Mr.Sivarajan, Mr.Dhananjeyan

Consideration and Approval of Internal and External mark allocation from the academic year 2021-2022 onwards. (60 marks Internal & 40 marks external for Laboratory courses & 40 marks Internal & 60 marks external for Theory courses)

**RESOLVED TO**

Approve the Internal and External mark allocation from the academic year 2021-2022 onwards. (60 marks Internal & 40 marks external for Laboratory courses & 40 marks Internal & 60 marks external for Theory courses)

Resolution by: Dr.G.Saravanallango, Mr.K.Sakthidhasan, Mr.T.Aswin Pio Rayen

08. Consideration and Approval of Relative grading for the theory courses for the students admitted from 2021 onwards & Absolute grading for Practical courses.

**RESOLVED TO**

Approve the Relative grading for the theory courses for the students admitted from 2021 onwards & absolute grading for Practical courses

Resolution by: Dr.S.Gnanadass, Mr.Sivarajan, Mr.R.Jenin Prabhu

09. Consideration and Approval for the revised Regulation 2023 of, B.E-Electrical and Electronics Engineering, from the academic year 2023-2024 onwards.

**RESOLVED TO**

Approve the revised Regulation 2023 of, B.E-Electrical and Electronics Engineering, from the academic year 2023-2024 onwards.

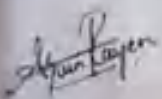

Resolution by: Dr.B.Chittibabu, Mr.Dhananjeyan, Mr.K.Sakthidhasan

10. Consideration and Approval of revised Curriculum and Syllabi for I Semester and II Semester of B.E-Electrical and Electronics Engineering, from the academic year 2023-2024 onwards

**RESOLVED TO**

Approve the revised Curriculum and Syllabi for I Semester and II Semester of B.E-Electrical and Electronics Engineering, from the academic year 2023-2024 onwards

Resolution by: Dr. Dr.G.Saravanallango, Mr.T.Aswin Pio Rayen, Mr.S.Manikandan

11. Consideration and Approval for the Regulation 2023 of Post-Graduate course M.E Embedded System Technologies from the academic year 2023-2024 onwards.

**RESOLVED TO**

Approve the Regulation 2023 of Post-Graduate course M.E-Embedded System Technologies from the academic year 2023-2024 onwards.

Resolution by: Dr.R.Gnanadass, Dr.B.ChittiBabu, Ms.M.Vijayalakshmi, Mr.Dhananjeyan

12. Consideration and Approval of Curriculum and Syllabus for I Semester and II Semester of Post Graduate course M.E-Embedded System Technologies from the academic year 2023-2024 onwards.

**RESOLVED TO**

Approve the Curriculum and Syllabus for I Semester and II Semester of Post-Graduate course M.E Embedded System Technologies from the academic year 2023-2024 onwards. Resolution by: Dr.R.Gnanadass, Dr.B.ChittiBabu, Mr.S.Manikandan, Dr.M.Karthikeyan

13. Consideration and Approval for Amendment to the admitted students 2021 for B.E. / B. Tech. degree Programme - Anna University - award of UG

*B.E Honours in the same discipline*

*B.E Honours with Different verticals*

*B.E Minor in other specialization*

**RESOLVED TO**

Approve the Amendment to the admitted students 2021 for B.E. / B. Tech. degree Programme - Anna University - award of UG

*B.E Honours in the same discipline*

**Agenda**

The following points are lined up for discussion

1. Consideration and Approval of detailed Syllabi for V Semester B.Tech Information Technology as follows

Theory courses

- a. Probability and Statistics
- b. Micro Processor & Micro Controller
- c. Total Quality Management
- d. Web Technology
- e. Computer Networks
- f. Program Elective I

Practical

- a. Web Technology Laboratory
- b. Computer Networks Laboratory
- c. Micro Processor & Micro Controller Laboratory
- d. Technical Seminar

2. Consideration and Approval of detailed Syllabi for VI Semester B.Tech Information Technology as follows

Theory courses

- a. Object Oriented Analysis and Design
- b. Computer Graphics
- c. Artificial Intelligence
- d. Program Elective II

- c. Open Elective I

Practical

- a. Object Oriented Analysis and Design Laboratory
  - b. Computer Graphics Laboratory
  - c. Mini Project
  - d. Internship - II

## ANNEXURE I

The members discussed and the following points have been suggested:

### **B.TECH (IT)-Regulation 2019 Curriculum and syllabi for Third Year (V and VI SEM)**

For **Web Technology** and **Total Quality Management** text book the latest version can be included.

Since the final year students will go through 6 months internship, the number of courses they are going through in that semester can be reduced.

**Machine learning** can be included in the semester with Probability and Queuing Theory or in the following semester.

Technical seminar can be assigned by credit and can be reflected in the mark sheet, if not it may be graded as whether it is satisfactory or not.

The **Computer graphics laboratory** must be removed from the syllabus.

in **Software Engineering laboratory** software tool like rational rose, and for the testing tool junit must be included.

The course objective must not exceed more than five. This is applicable for the outcome of the course too. The both must be uniformly same for accreditation mapping.

**Mini project** must be done on web based environment, and in machine learning concepts for the students to be aware of advanced technology.

In **Digital Image Processing** "Digital image Processing second edition by Dr S Sridhar" can be included as a reference book.

For **Advanced JAVA** recent books must be included as a text book.

Avoid using the word "explain" in the outcome of the course.

The textbook and reference book in the syllabus must be the updated version of the books.

The courses like Machine Learning, Deep Learning (as elective), Data Analytics, Data retrieval, Information security/ Data security can be included.

For **Web Technology** (Angular JS may include)

The points mentioned in the Agenda were taken up for discussion and the following resolutions were passed

**Item 1:** Consideration and Approval of Curriculum of Fifth Semester of B.Tech Information Technology Engineering students to be followed from the Academic year 2020-2021

**Resolution:** Resolved to approve the Curriculum of Fifth Semester of B.Tech Information Technology Engineering students to be followed from the Academic year 2020-2021

**Item 2:** Consideration and Approval of detailed syllabi of following Courses for V Semester viz.,

Theory courses

- a. Problem Solving and Python Programming
- b. Information Systems

Practical

- c..Problem Solving and Python Programming Lab
- d..Free Open Source Software: Practice Lab

**Resolution:** Resolved to approve the detailed syllabi of following Courses for V Semester viz.,

**Item 3:** Consideration and Approval of detailed syllabi of following Courses for VI Semester viz.,

Theory courses

- a.Object Oriented Programming using JAVA
- b. Operating Systems
- c. Design and Analysis of Algorithms

Practical

d. Object Oriented Programming using JAVA Laboratory

e. Operating Systems Laboratory

**Resolution:** Resolved to approve the detailed syllabi of following Courses for VI Semester viz.,

14	Mr. A. Alagum Sundarapandian	Assistant Professor, Dept. of Mechanical Engg., Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engg. College
15	Mr. M. Logesh	Assistant Professor, Dept. of Mechanical Engg., Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engg. College

The points mentioned in the Agenda were taken up for discussion and the following resolutions were passed

**Item 1:** Consideration and Approval of Rules and Regulations 2019 for B.E/B.Tech Degree Programmes to be followed from the Academic year, 2019-2020

**Resolution:** Resolved to approve the Rules and Regulations 2019 for B.E/B.Tech Degree Programmes to be followed from the Academic year, 2019-2020

**Item 2:** Consideration and Approval of Curriculum of First year - First Semester and Second Semester of B.E Mechanical Engineering students to be followed from the Academic year, 2019-2020

**Resolution:** Resolved to approve the Curriculum of First year - First Semester and Second Semester of B.E Mechanical Engineering students to be followed from the Academic year, 2019-2020

**Item 3:** Consideration and Approval of detailed syllabi of Group B of Basics of Civil and Mechanical Engineering for First Semester of B.E. Mechanical Engineering, Biomedical Engineering, Civil Engineering, Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and B.Tech Information Technology

**Resolution:** Resolved to approve the detailed syllabi of Group B of Basic Civil and Mechanical Engineering for all B.E./B.Tech degree programmes is remained as per suggestions

**Item 4:** Consideration and Approval of detailed syllabi of Engineering Graphics for First Semester of B.E. Mechanical Engineering, Biomedical Engineering, Civil Engineering, Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and B.Tech Information Technology

**Resolution:** Resolved to approve the detailed syllabi of Engineering Graphics for First Semester Biomedical Engineering, Civil Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and Second semester Computer Science and Engineering and Information Technology and Mechanical Engineering

**Item 5:** Consideration and Approval of detailed syllabi of following Courses for Second Semester

- i. Free Body Mechanics
- ii. Metal Casting and Forming Process
- iii. Engineering Thermodynamics

**Resolution:** Resolved to approve the detailed syllabi of following Courses for Second Semester as per suggestions

- i. Free Body Mechanics is renamed as Engineering Mechanics
- ii. Metal Casting and Forming Process is renamed as Manufacturing Technology -I
- iii. Engineering Thermodynamics is to be considered for Third Semester

**Item 6:** Consideration and Approval of detailed syllabi of Strength of Material and Material Science Laboratory for Second Semester

**Resolution:** Resolved to approve the detailed syllabi of Strength of Material and Material Science Laboratory is to be considered for Third Semester

**Item 7:** Consideration and Approval of detailed syllabi of Group A of Workshop i.e., Mechanical Engineering portion for Second Semester of B.E. Mechanical Engineering, Biomedical Engineering, Civil Engineering, Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and B.Tech Information Technology

**Resolution:** Resolved to approve the detailed syllabi of Group A Part II of Engineering Practices Laboratory of First year-First Semester (Computer Science and Engineering and Information Technology) and Second semester of Biomedical Engineering, Civil Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and Mechanical Engineering.

**Item 8:** Consideration and Approval of Panel of Examiners for Theory and Practical Examination for UG course B.E Mechanical Engineering

**Resolution:** Resolved to approve the Panel of Examiners for Theory and Practical Examination for UG course B.E Mechanical Engineering

**Item 9: Consideration and Approval of Board of Examiners for UG course B.E Mechanical Engineering**

**Resolution:** Resolved to approve the Board of Examiners for UG course B.E Mechanical Engineering

Since there were no other points to be discussed, the meeting was concluded with vote of thanks proposed by Dr. V. Valasamudram, Head, Department of Mechanical Engineering.

**Item2:** Consideration and approval of detailed syllabi of Fluid Mechanics and Machinery, Engineering Thermodynamics, Manufacturing Technology-II, Engineering Metallurgy and Manufacturing Technology Laboratory for Semester-III.

**Resolution:** Resolved to approve detailed syllabi of Fluid Mechanics and Machinery, Engineering Thermodynamics, Manufacturing Technology-II, Engineering Metallurgy and Manufacturing Technology Laboratory, in addition with the above courses. Fluid Mechanics and Machinery Laboratory course is approved to be included for Semester-III.

**Item 3:** Consideration and approval of detailed syllabi of Kinematics of Machinery, Computer Aided Design and Manufacturing, Thermal Engineering, Strength of Materials for Mechanical Engineers, Computer Aided Machine Drawing Laboratory, Strength of Materials and Fluid Mechanics Laboratory for Semester IV.

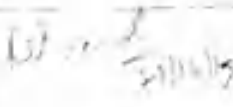

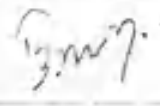

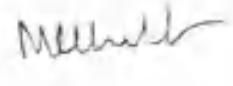

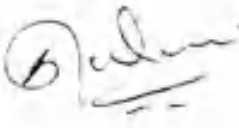

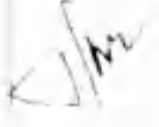

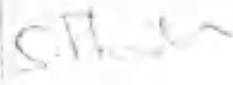

**Resolution:** Resolved to approve the detailed syllabi of Kinematics of Machinery, Computer Aided Design and Manufacturing, Thermal Engineering, Strength of Materials for Mechanical Engineers, Computer Aided Machine Drawing Laboratory, Strength of Materials Laboratory for Semester IV.

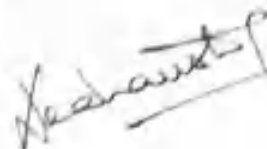

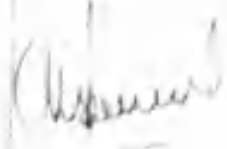

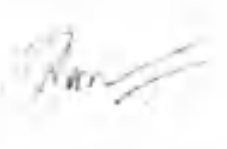

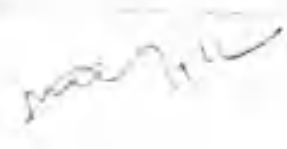

**Item 4:** Consideration and Approval of Internship/ Training -I for Semester IV.

**Resolution:** Resolved to approve the Internship/ Training -I for Semester IV.

Since there were no other points to be discussed, the meeting was concluded with vote of thanks proposed by Dr. V. Valasamudram, Professor & Head, Department of Mechanical Engineering.

The points mentioned in the Agenda were taken up for discussion and the following resolutions were passed.

**Item 1:** Consideration and approval of curriculum for Semester V and Semester VI of B.E Mechanical Engineering to be followed from academic year, 2020-2021

**Resolution:** Resolved to approve the curriculum for Semester V and Semester VI of B.E Mechanical Engineering to be followed from academic year, 2020-2021

**Item2:** Consideration and approval of Syllabi of Design of Machine Elements, Metrology and Measurements, Dynamics of Machines, Metrology and Measurements Laboratory, and Kinematics and Dynamics Laboratory for Semester-V

**Resolution:** Resolved to approve Syllabi of Design of Machine Elements, Metrology and Measurements, Dynamics of Machines, Metrology and Measurements Laboratory, and Kinematics and Dynamics Laboratory for Semester-V

**Item 3:** Consideration and approval of Syllabi of Design of Transmission Systems, Heat and Mass Transfer, Finite Element Analysis, Finite Element Method Laboratory, Thermal Engineering Laboratory for Semester VI

**Resolution:** Resolved to approve the Syllabi of Design of Transmission Systems, Heat and Mass Transfer, Finite Element Analysis, Finite Element Method Laboratory, Thermal Engineering Laboratory for Semester VI

**Item 4:** Consideration and approval of Syllabi of Automobile Engineering, Business Analytics, Computer Integrated Manufacturing, Fundamentals of Nano Science, and Entrepreneurship Development for Professional Elective-I for Semester V

**Resolution:** Resolved to approve Syllabi of Automobile Engineering, Business Analytics, Computer Integrated Manufacturing, Fundamentals of Nano Science, and Entrepreneurship Development for Professional Elective-I for Semester V

**Item 5:** Consideration and approval of Syllabi of Gas Dynamics and Jet Propulsion, Hydraulics and Pneumatics, Intellectual Property Rights, Professional Ethics in Engineering, and Welding Technology for Professional Elective -II for Semester VI

**Resolution:** Resolved to approve Syllabi of Gas Dynamics and Jet Propulsion, Hydraulics and Pneumatics, Intellectual Property Rights, Professional Ethics in Engineering, and Welding Technology for Professional Elective -II for Semester VI

**Item 6:** Consideration and approval of Syllabi of Refrigeration and Air conditioning, Renewable Sources of Energy, Systems Engineering, Total Quality Management, and Unconventional Machining Processes for Professional Elective-III for Semester VI

**Resolution:** Resolved to approve Syllabi of Refrigeration and Air conditioning, Renewable Sources of Energy, Systems Engineering, Total Quality Management, and Unconventional Machining Processes for Professional Elective-III for Semester VI

**Item 7:** Consideration and Approval of Syllabi of Advanced Materials, Design Thinking, Energy Conservation and Management, Lean Six Sigma, Material Science and Technology, Renewable Energy Sources and Testing of Materials, for Open Elective offered to students of other branches

**Resolution:** Resolved to approve Syllabi of Advanced Materials, Design Thinking, Energy Conservation and Management, Lean Six Sigma, Material Science and Technology, Renewable Energy Sources and Testing of Materials, for Open Elective offered to students of other branches

**Item 8:** Consideration and Approval of Syllabi of Engineering Graphics for Semester-I of B.Tech Computer Science and Business Systems Engineering, B.Tech Artificial Intelligence and Data Science

**Resolution:** Resolved to approve Syllabi of Engineering Graphics for Semester-I of B.Tech Computer Science and Business Systems Engineering, B.Tech Artificial Intelligence and Data Science

**Item 9:** Consideration and Approval of Syllabi of Engineering Graphics for Semester-II of B.E - Robotics and Automation for 2020-2021 admitted students

**Resolution:** Resolved to approve Syllabi of Engineering Graphics for Semester-II of B.E - Robotics and Automation for 2020-2021 admitted students

**Item 10:** Consideration and Approval of Syllabi of Engineering Practices Laboratory for Semester-II of B.Tech Computer Science and Business Systems Engineering, B.Tech Artificial Intelligence and Data Science, O.E - Robotics and Automation

**Resolution:** Resolved to approve Syllabi of Engineering Practices Laboratory for Semester-II of B.Tech Computer Science and Business Systems Engineering, B.Tech Artificial Intelligence and Data Science, B.E - Robotics and Automation

**Item 11:** Consideration and Approval of Internship/ Training -II for Semester VI for B.E Mechanical Engineering

**Resolution:** Resolved to approve Internship/ Training -II for Semester VI for B.E Mechanical Engineering

Since there were no other points to be discussed, the meeting was concluded with vote of thanks proposed by Dr. S. Muthukumar, Head, Department of Mechanical Engineering.

**Resolution:** Resolved to approve Syllabi of Principles of Management, Power Plant Engineering and Design and Fabrication Project for Semester VII.

**Item 3:** Consideration and approval of Project Work for Semester VIII.

**Resolution:** Resolved to approve Project Work for Semester VIII.

**Item 4:** Consideration and approval of Syllabi of Composite Materials and Mechanics, Computational Fluid Dynamics, Design of Jigs Fixtures and Press Tools, Mechatronics, Supply Chain Management for Professional Elective-IV for Semester VII.

**Resolution:** Resolved to approve of Syllabi of Composite Materials and Mechanics, Computational Fluid Dynamics, Design of Jigs Fixtures and Press Tools, Mechatronics, Supply Chain Management for Professional Elective-IV for Semester VII.

**Item 5:** Consideration and approval of Syllabi of Industrial Safety Engineering, Noise Vibration and Harshness, Non Destructive Testing and Evaluation, Operations Research, and Product Design and Development for Professional Elective -V for Semester VII

**Resolution:** Resolved to approve Syllabi of Industrial Safety Engineering, Noise Vibration and Harshness, Non Destructive Testing and Evaluation, Operations Research, and Product Design and Development for Professional Elective -V for Semester VII.

**Item 6:** Consideration and Approval of Syllabi of Engineering Economics, Internet of Things for Mechanical Engineering, Maintenance Engineering, Production Planning and Control and Robotics for Automation for Professional Elective-VI for Semester VII.

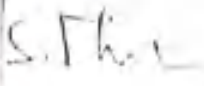

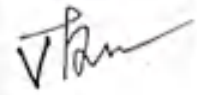

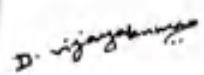

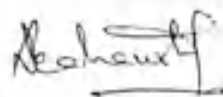

**Resolution:** Resolved to approve Syllabi of Engineering Economics, Internet of Things for Mechanical Engineering, Maintenance Engineering, Production Planning and Control and Robotics for Automation for Professional Elective-VI for Semester VIII.

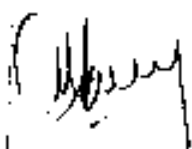

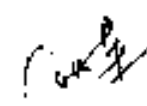

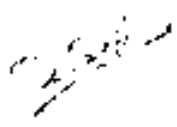

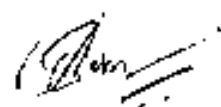

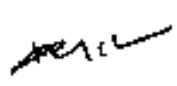

Item 7: Consideration and Approval of Technical Seminar for Semester VII for B.E. Mechanical Engineering.

Resolution: Resolved to approve Technical Seminar for Semester VII for B.E. Mechanical Engineering.

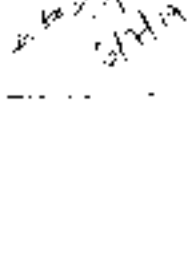

Since there were no other points to be discussed, the meeting was concluded with vote of thanks proposed by Dr. S.Muthu kumar, Head, Department of Mechanical Engineering.
